

## DK COATINGS

With the foundation in 1998, the fascination for surfaces developed into a profession!

# Who is DK COATINGS?

**DK COATINGS**  
naturally stronger surfaces.

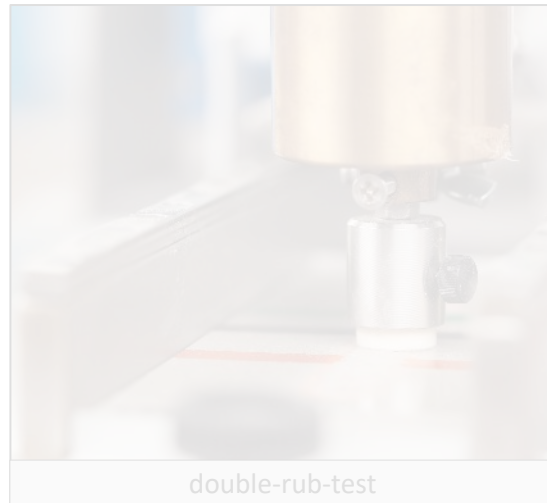

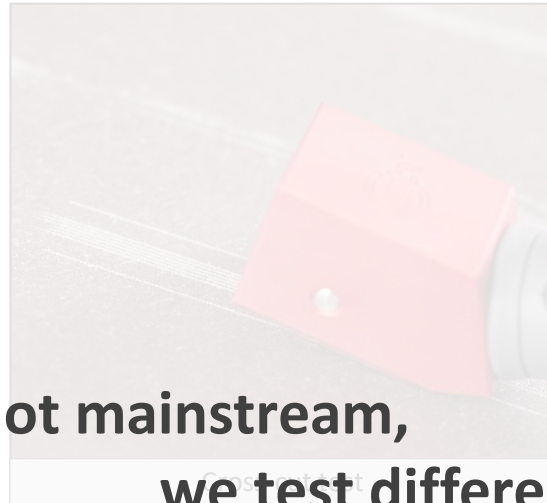

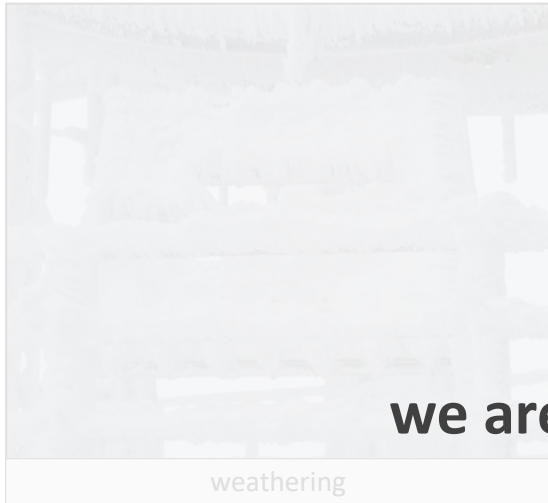

- innovative and owner-managed company
- Many years of experience in working with different surfaces
- with a focus on continuous development and quality awareness
- understand surface protection

# Small but powerful!

- we don't serve clients, but work with partners
- Partnership for us means ...
  - joint project planning and market development
  - solution-oriented working
  - active exchange of ideas
  - open and proactive flow of information

# Performance

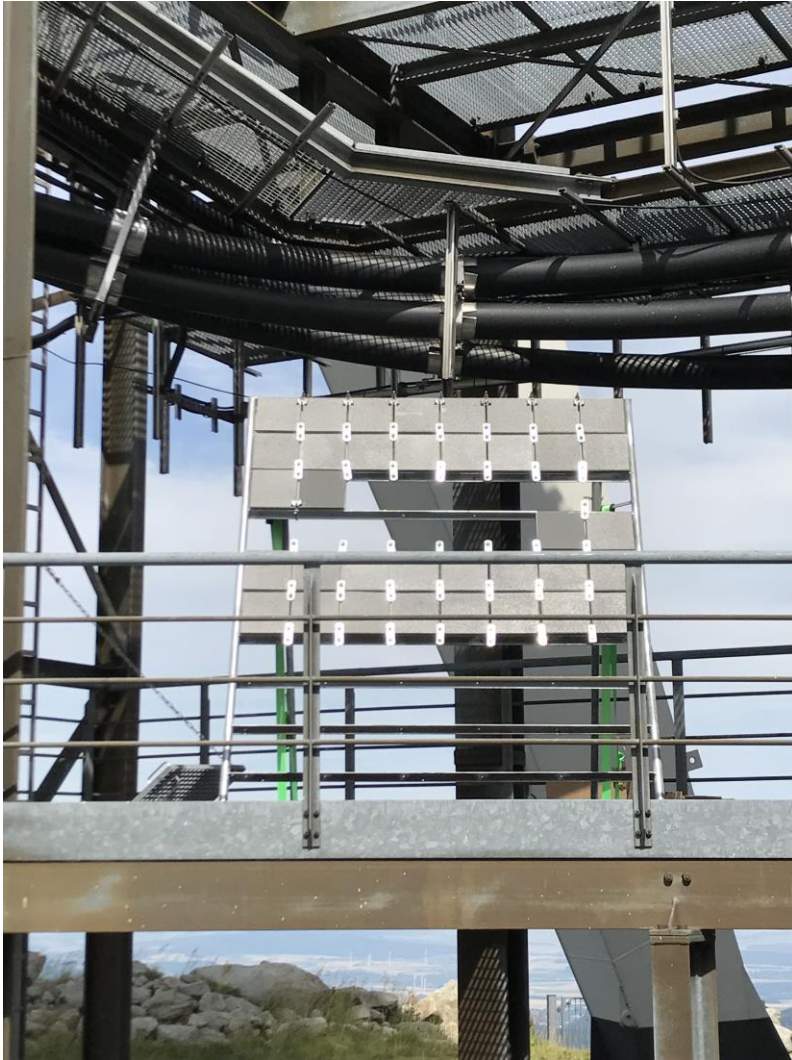

**we are not mainstream,  
we test differently**

# our weathering station at over 1,000m

Summer & Winter

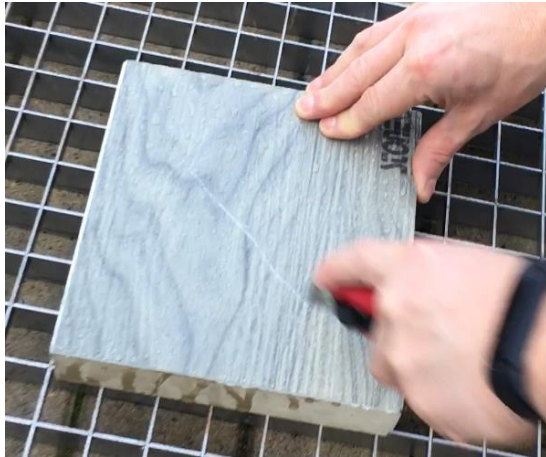

**DK** COATINGS  
naturally stronger surfaces.

# Adhesion test

High pressure cleaner test with 200bar

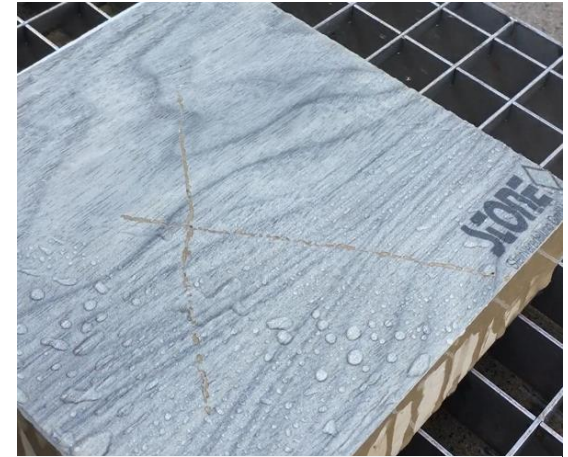

**DK COATINGS**  
naturally stronger surfaces.

- Printed and coated surface
- damage to the surface

- High pressure cleaner at 200bar for over 30 sec. at the same point

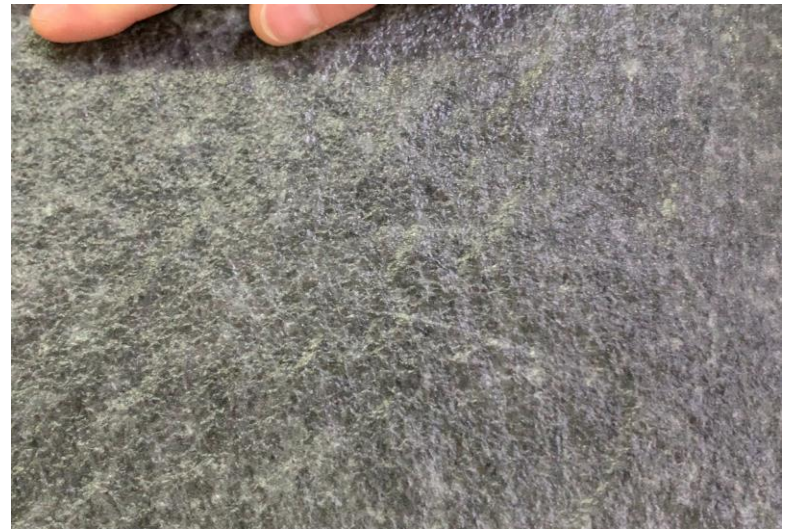

- excellent adhesion
- No peeling in adjoining areas

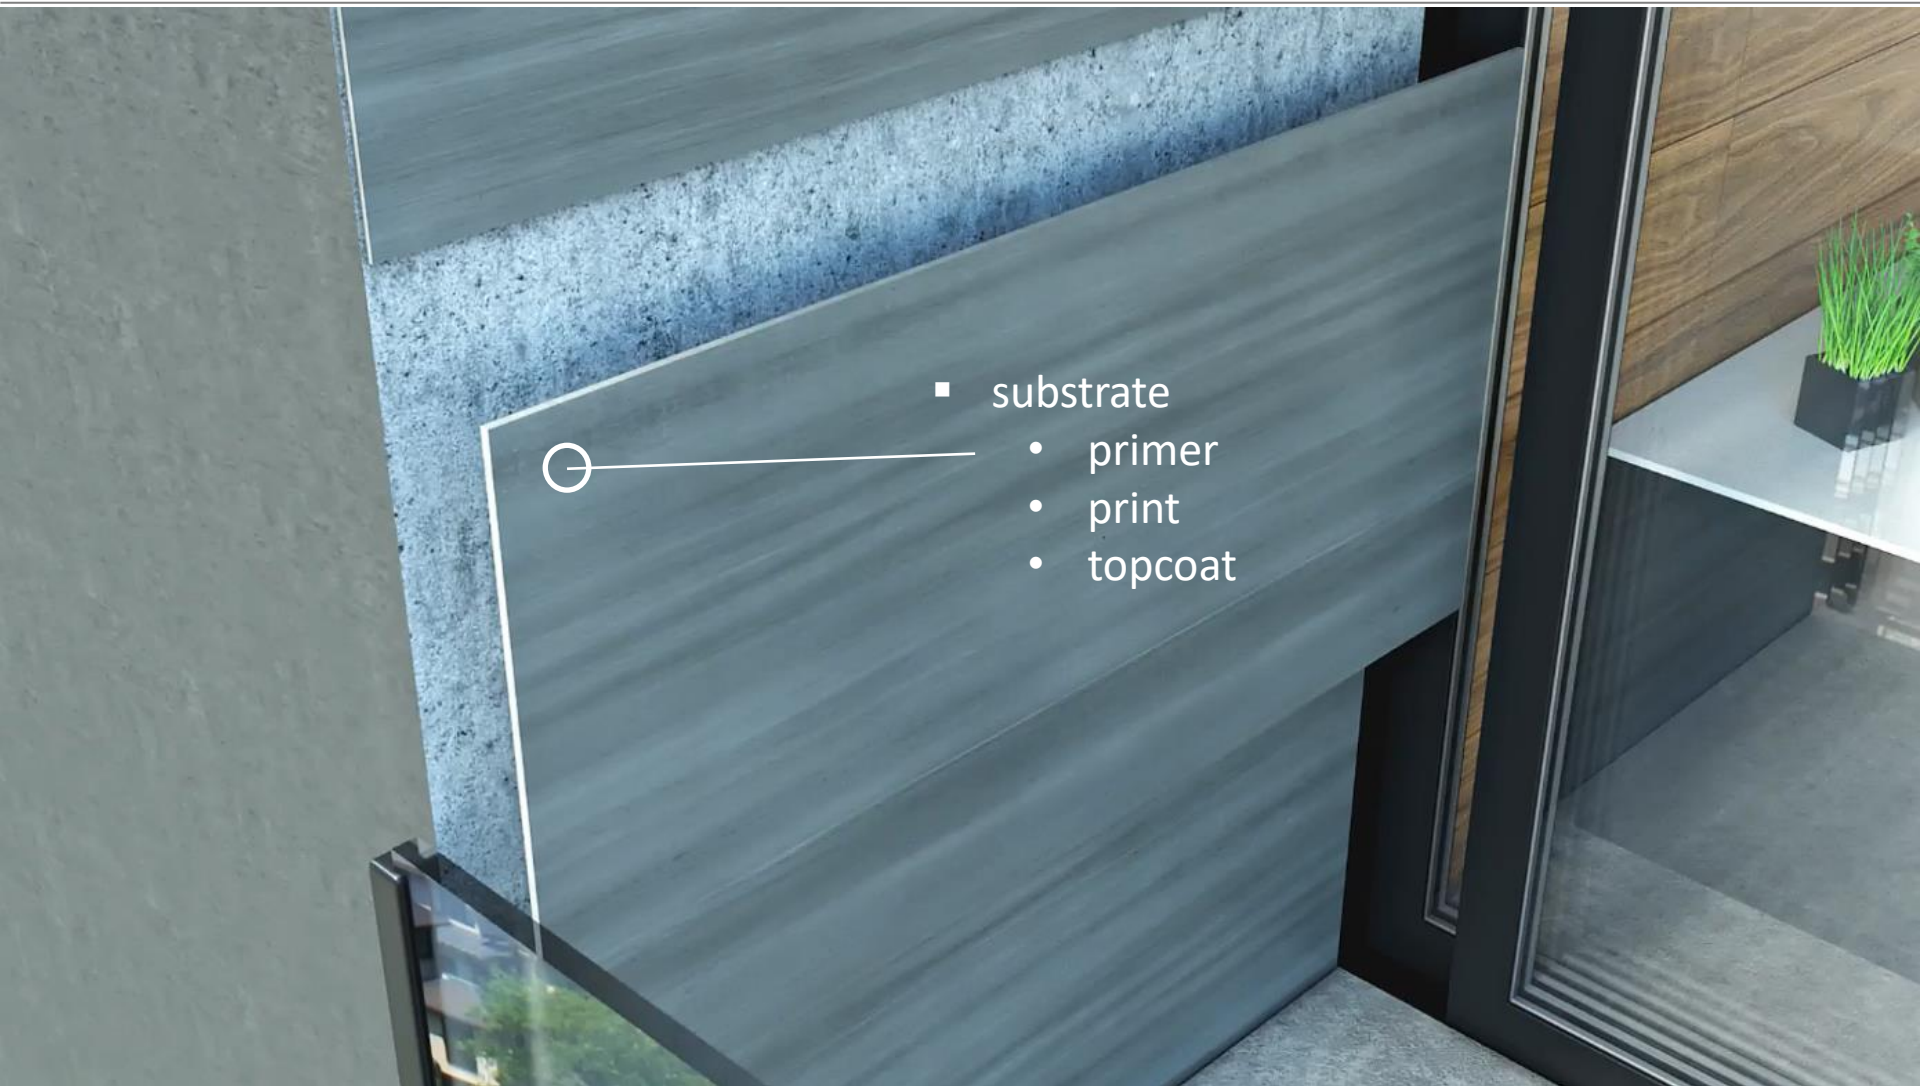

# Scratch resistance

1mm at 30 N/mm<sup>2</sup>, no visible marks

**DK COATINGS**  
naturally stronger surfaces.

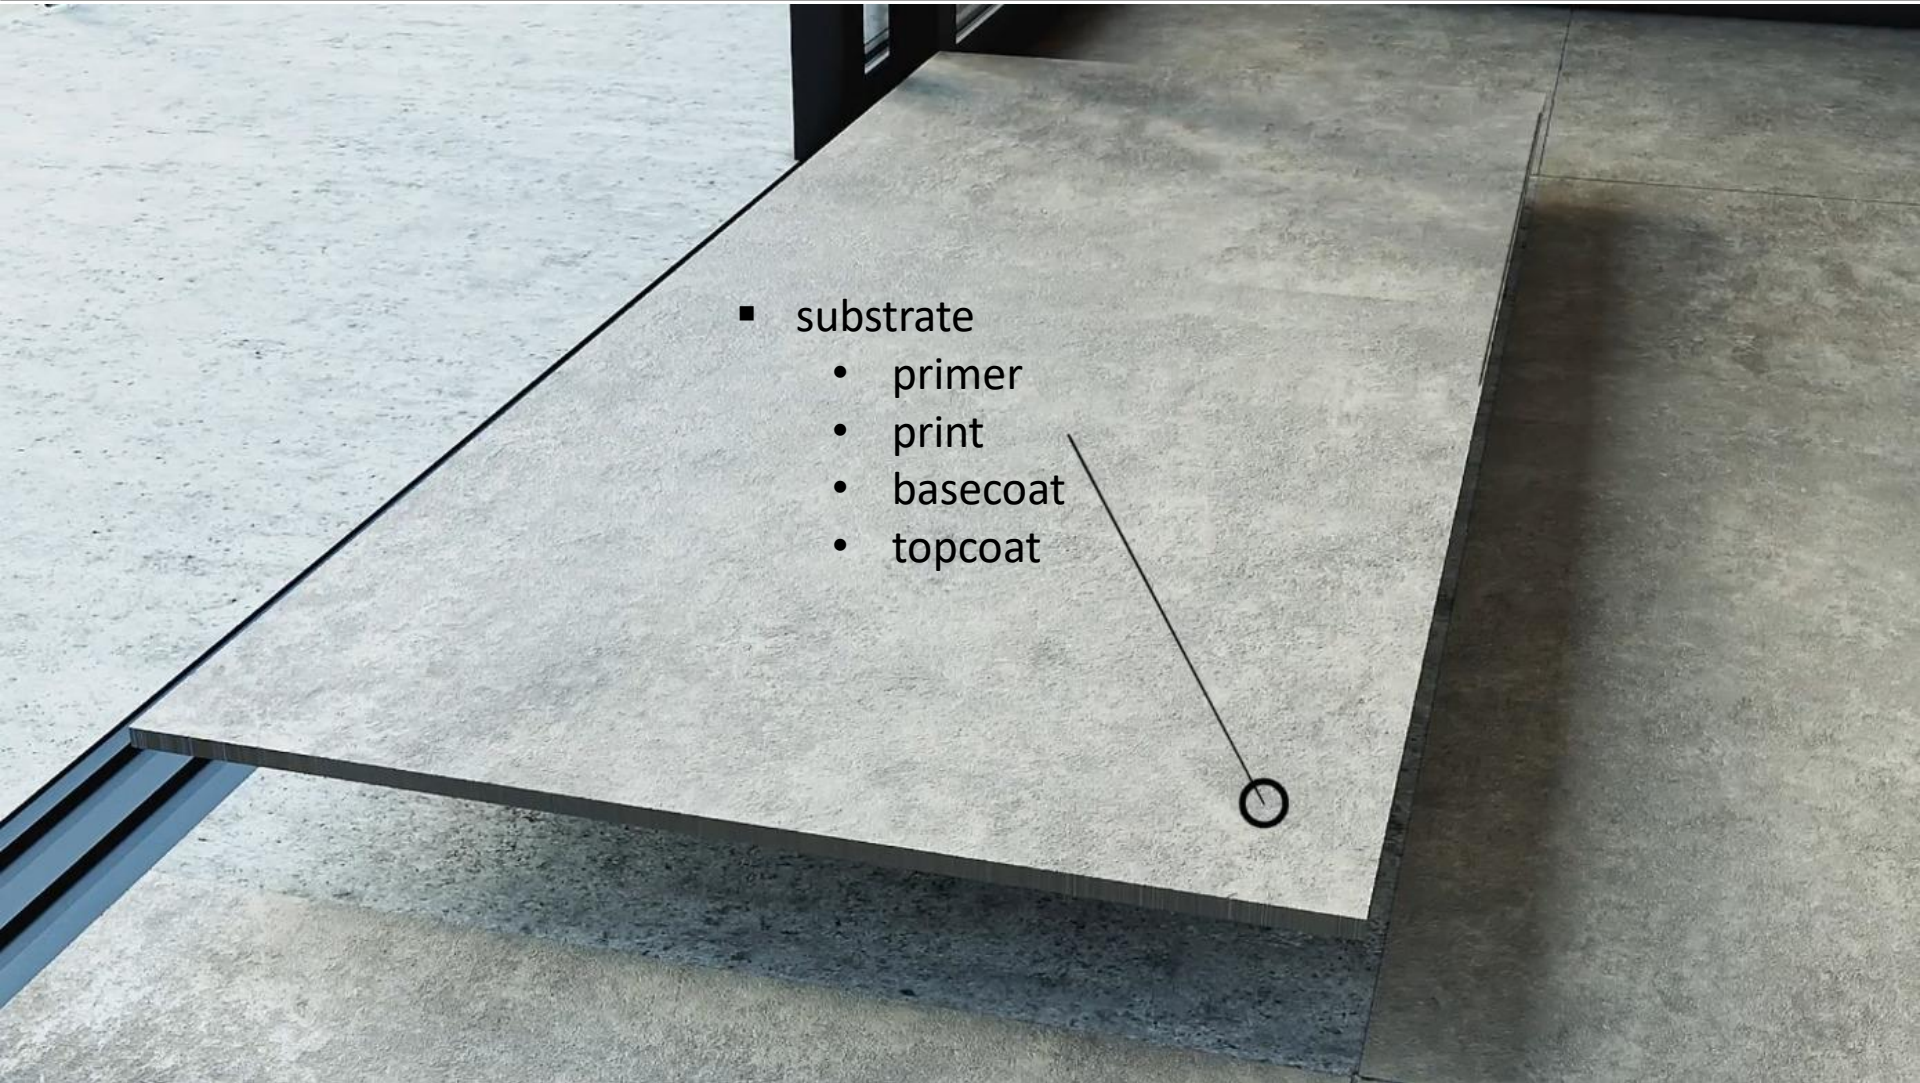

# Facade

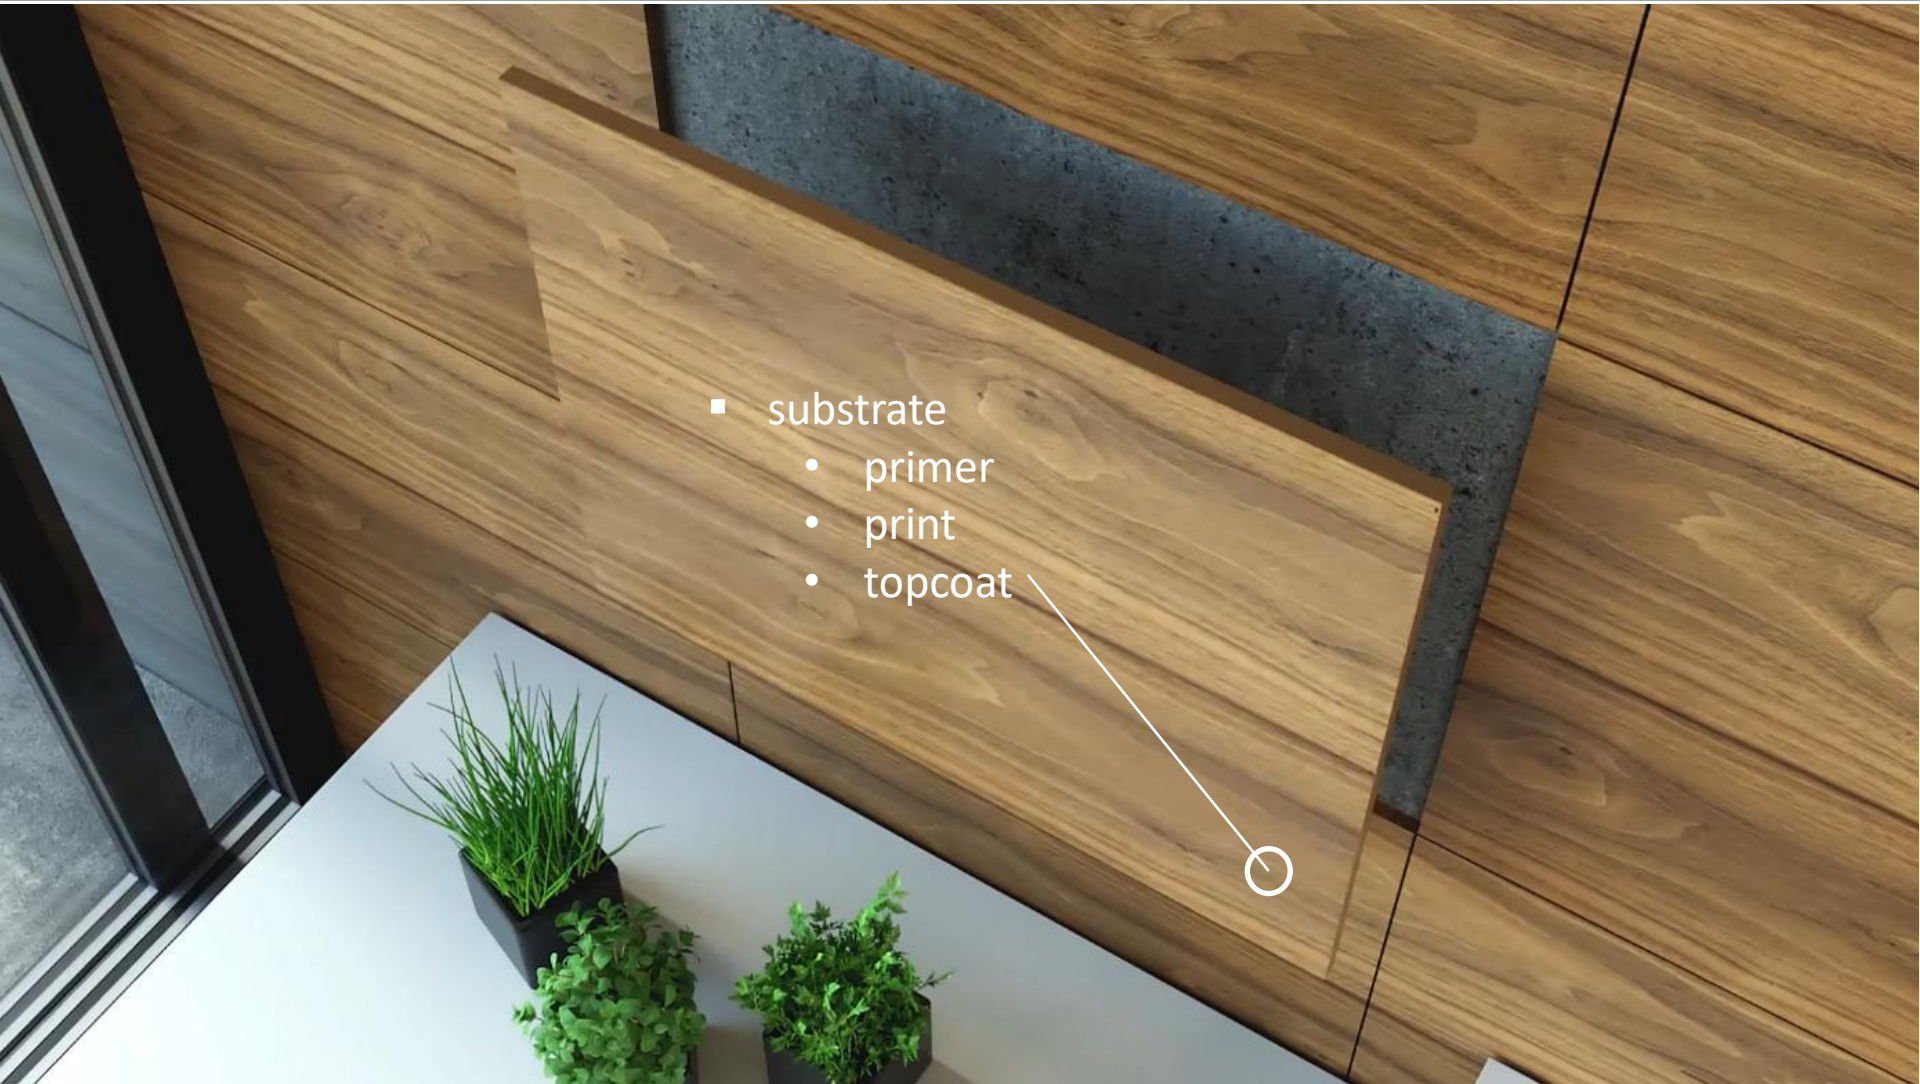

## Floor panel(indoor + outdoor)

# Interior wall

## Customer references

**Digitaldrucksystem**  
Digital Printing System

Strahlende Farben auf mineralischen Untergründen

# concrete/ceramics

Digital printing(terrace tiles)

**DK COATINGS**  
naturally stronger surfaces.

# concrete/ceramics

Digital printing(terrace tiles)

**DK COATINGS**  
naturally stronger surfaces.

# concrete/ceramics

Digital printing(terrace tiles)

**DK COATINGS**  
naturally stronger surfaces.

# Aluminium

Digital print(aluminium-tiles) wall + floor

**DK COATINGS**  
naturally stronger surfaces.

# Fiber cement & aluminium composite panel

Digital printing(facade panels)

**DK COATINGS**  
naturally stronger surfaces.

# Aluminium composite panel + HPL

Digital printing(facade panel)

**DK COATINGS**  
naturally stronger surfaces.

# Fiber cement

Surface protection (facade cladding)

**DK COATINGS**  
naturally stronger surfaces.

# Alternative composite materials

Surface protection (facade cladding)

**DK COATINGS**  
naturally stronger surfaces.

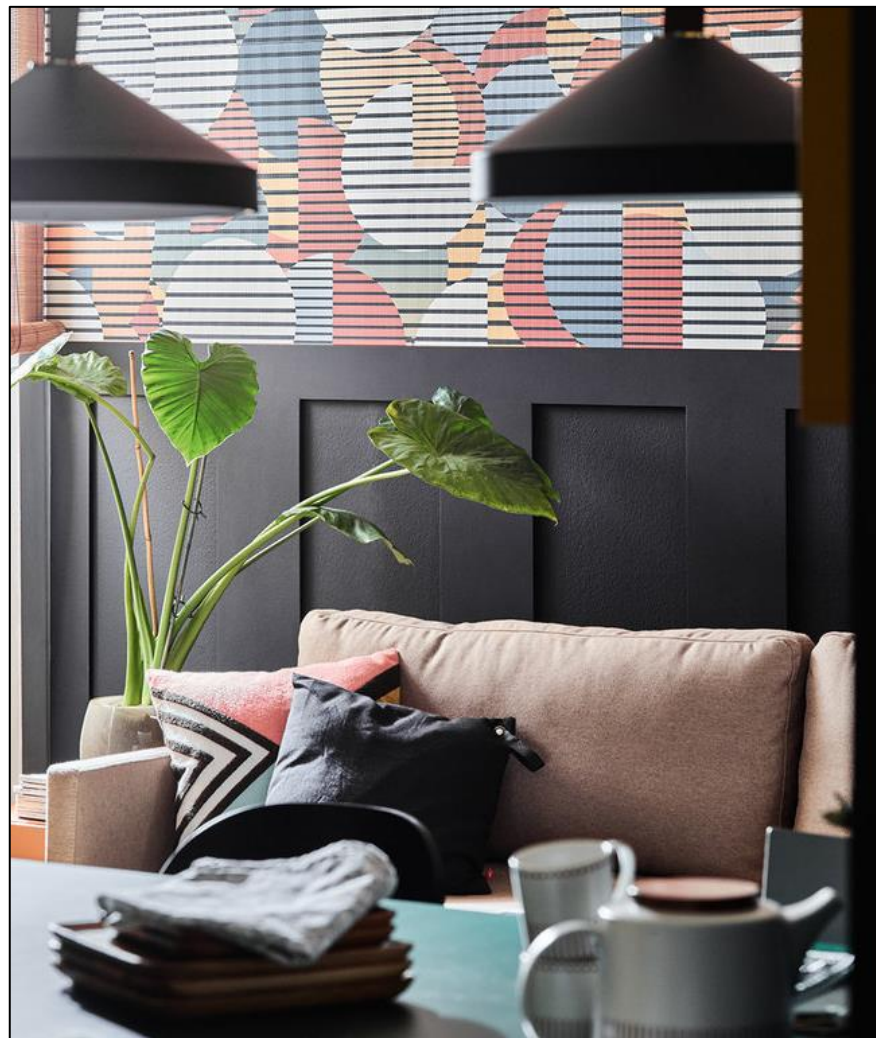

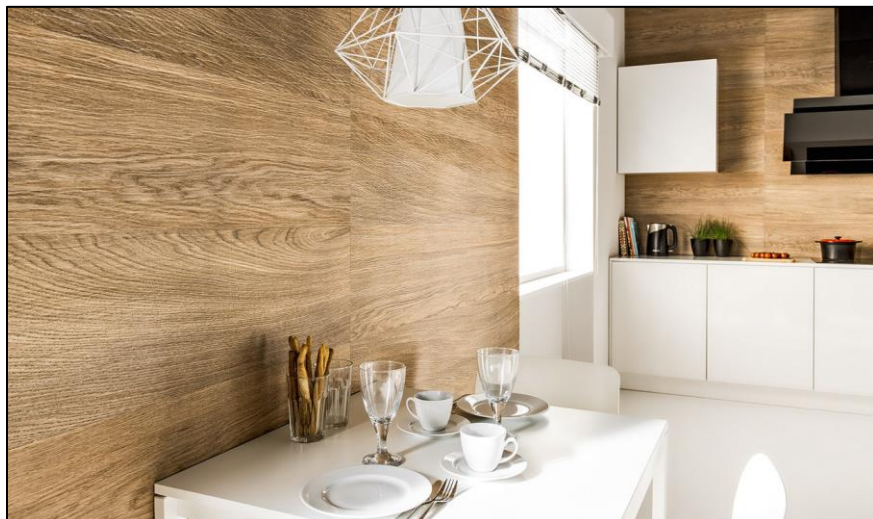

# PVC

Digital print (wall panel) with "antibacterial protection" according to ISO 22196

**DK COATINGS**  
naturally stronger surfaces.

# PVC

digital printed wall panels + floor

**DK** COATINGS  
naturally stronger surfaces.

# SPC & PVC

Digital printed wall panels and flooring

**DK COATINGS**  
naturally stronger surfaces.

# Aluminium

Digital printed facade claddings

**DK COATINGS**  
naturally stronger surfaces.

# Aluminium

digital printed facade claddings

**DK** COATINGS  
naturally stronger surfaces.

# Aluminium

digital printed facade panels

**DK** COATINGS  
naturally stronger surfaces.

# PVC

digital printed facade claddings

**DK COATINGS**  
naturally stronger surfaces.

A close-up photograph of a person's hands holding a glowing incandescent lightbulb. Inside the bulb, a string of small, warm-white LED lights is coiled, creating a warm, golden glow. The person holding the bulb is wearing a dark blue, textured jacket. The background is dark and out of focus.

Creativity is intelligence  
that is having fun.

*- Albert Einstein*
